Bachelor of Information Technology (BIT) External Degree

**ITE 2722: Web Programming - Practical Exam**

**Time Allowed: 1 hour** **January 2021**

Write a web program for a hotel to calculate the charges for a stay according to the user's inputs, as shown in figure 1. When the user clicks the Reserve button, you should display the charges, as shown in figure 2.

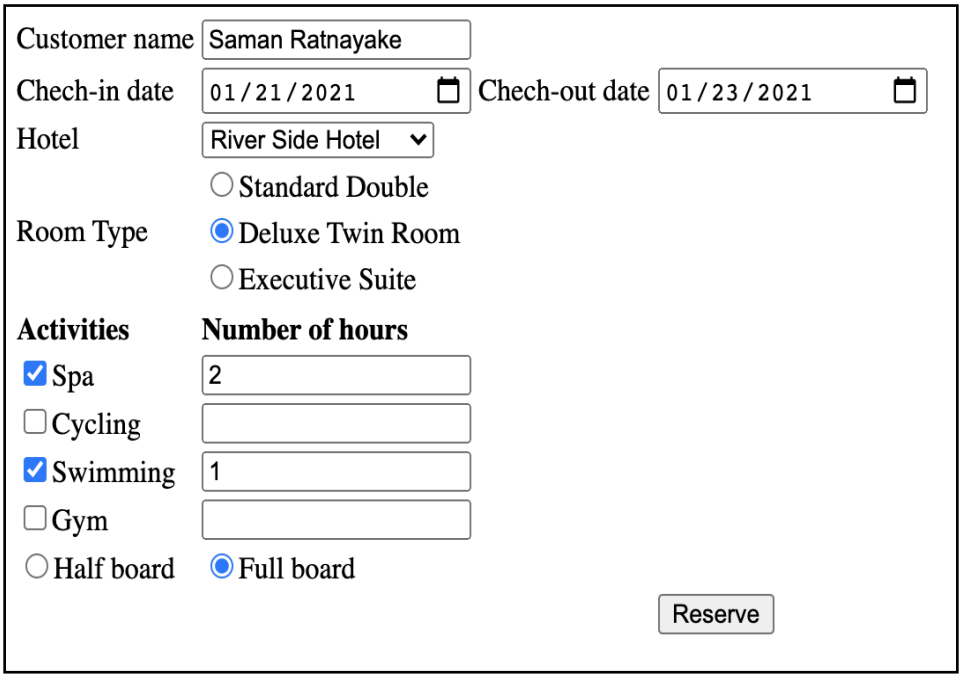

*Figure 1*

**Reservation Receipt**

**Customer Name : Saman Ratnayake**

| | | **Charges (Rs.)** |
|---|---|---|
| Hotel: | Nature Villa | |
| Room type: | Deluxe Twin Room | |
| Number of days you stay: | 2 | 25000.00 |
| Full board/ half board: | Full board | 3500.00 |
| **Activities** | | |
| Spa (2h) | | 10000.00 |
| Swimming (1h) | | 1000.00 |
| | **Total** | **39500.00** |

*Figure 2*

The charges calculated as follows.

| **Hotel** | **Room Type** | **Charges per day** |
|---|---|---|
| Riverside hotel | Standard Double | Rs. 7500 |
| | Deluxe Twin Room | Rs. 8500 |
| | Executive Suite | Rs. 10000 |
| Lagoon view hotel | Standard Double | Rs. 8500 |
| | Deluxe Twin Room | Rs. 10000 |
| | Executive Suite | Rs. 12500 |
| Nature Villa | Standard Double | Rs. 10000 |
| | Deluxe Twin Room | Rs. 12500 |
| | Executive Suite | Rs. 15000 |
| Beach Resort | Standard Double | Rs. 12500 |
| | Deluxe Twin Room | Rs. 15000 |
| | Executive Suite | Rs. 20000 |

| Activity | Charges per hour |
|---|---|
| Spa | Rs. 5000 |
| Cycling | Rs. 400 |
| Swimming | Rs. 1000 |
| Gym | Rs. 850 |

- For full board additional fee of Rs. 3500 is charged. For half board, only the room charges are applied.

Calculation for inputs shown in figure 2
(12,500*2) + 3,500 + (5,000*2) + (1,000*1) = 39,500

Your Web program should be written by using PHP language and deployed on the given PHP enabled webserver. Create a new folder in the C:/Xampp/htdocs folder and rename it as per your UOM registration number (ex. E18XXXXX).
